Section H: Comprehension (10 marks)

Read the following passage carefully. Then write the answers for questions 26 to 32.

One hot day, Gloomy, the big black cloud, was sitting high up in the sky of the village. He had grown bigger and fatter due to the hot weather. Now, he was so big that he almost filled up the whole sky.

However, Gloomy had a problem. Try as he might, he could not rain. He was ashamed and did not want anyone to know. Gloomy felt worried. The villagers below were waiting patiently for him to provide enough water for their farms. Finally, he had no choice but to get help. He looked towards Cloud Land and saw several dark clouds from afar. He called Wind and said, "Please blow those dark clouds towards me." Wind did not like to be told what to do so he ignored Gloomy.

Feeling annoyed because Wind ignored him, Gloomy asked Lightning to flash his light at Wind. As Wind was afraid of Lightning, he quickly blew the dark clouds towards Gloomy. As soon as the dark clouds joined Gloomy, the rain fell.

Gloomy felt very happy and satisfied. With the help of the few dark clouds, he knew he had done a good job as the villagers had enough water for farming. After raining for a while, Gloomy started to shrink. Eventually, he disappeared but he knew that when the summer sun heats up the sky, he would appear again to provide more water for the land.
